STREETCAR HELD UP

**Motorman Albert Quasten-
berg Shot in the Face**

**Incident Occurred on Indian School
Line at 9:25 Last Night—The Out-
law Got Nothing.**

Albert Quastenberg, the motorman on the Indian school electric line, was held up by a lone highwayman last night about 9:25 o'clock, a half mile this side of the Indian school, and on refusing to give up his money, was shot in the face.

The man bled profusely, but his wound though painful is not a serious one.

The car left the Indian school at 9:20. Beside the motorman, the only persons on the car were Mr. John McIntyre and Miss Hauxhurst. As the car approached the crossing a half mile south of the Indian school, the motorman saw somebody standing on the track and naturally assumed it was a prospective passenger. He brought the car to a stop and as he did so the man on the ground pointed a gun at his head and said "Fork over your dough."

Quastenberg then noticed that the man's face was covered by a close fitting mask, apparently made of white canvas or some similar fabric. His reply to the robber was that he had nothing but a little small change. Instinctively, however, he grasped the crank of his motor intending if he had the opportunity, to bat the man over the head with it or throw it at him, but the robber seemed to divine his motive and without further argument pulled the trigger.

The bullet went through Quastenberg's upper lip near the corner of the mouth on the right side, plowed along between the cheek and the upper jaw and glancing upward emerged through the side of his face near the cheek bone. The shock threw him down and the highwayman faded away in the darkness, thinking no doubt, that he had killed his man. But Quastenberg was not so easily killed. He regained his feet, reversed the trolley and took the car back to the Indian school where he sought medical attention. There was no doctor there but one of the nurses dressed the wound temporarily and another man brought the car back to town with the injured motorman and the passengers mentioned above.

The details of the incident were telephoned in from the Indian school and the Brill car, together with H. W.

Heard and a couple of employees of the company went out to investigate. The two cars met at the north side of town, both returning to Phoenix. Mr. Quastenberg was taken at once to the office of Dr. Craig where his wound was dressed, other than that given above as everything transpired very suddenly and the light was not good. The smoke of the gun blinded the view of the motorman and it was all over before the two passengers hardly realized what was taking place. Quastenberg thinks, though, that the robber wore a slouch hat and brown coat.

MANGLED BY STREET CAR

**P. O. Peterson, an Aged Invalid Prob-
ably Fatally Hurt.**

P. O. Peterson, a man who passed his eighty-first birthday last May, and a sufferer from asthma for many years, was dangerously and probably fatally injured by street car No. 20 yesterday at 12:55 p. m. near the corner of Washington street and California street. Stories differ somewhat respecting the accident but not in material particulars which are that he was standing on the ground, trying to secure his cane which was in some manner fastened in the mechanism of the car, when he stumbled and fell in such a manner that his left leg was thrown across the rail just in front of the rear wheel on the south side of the track. The limb suffered a compound fracture just above the ankle.

The injured man was taken to the office of Dr. Duffield at once and from there he was removed to the Sisters' hospital before any attempt at dressing it was undertaken. His heart is weak and he could not take an anesthetic, neither could he lie down without choking by reason of his asthmatic affection. As soon as he was temporarily attended to Doctors Dade, Worth, Plath and Craig were called in consultation. What the result of the conference was could not be learned last night, other than that the leg had not

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease. It makes her morbid and sensitive and robs her of social enjoyment. Disfiguring eruptions are caused by impure blood, and are entirely cured by the great blood-purifying medicine—Dr. Pierce's Golden Medical Discovery. It removes from the blood the poisonous impurities which cause disease. It perfectly and permanently cures scrofulous sores, eczema, tetter, boils, pimples and other eruptive diseases which are caused by the blood's impurity. It increases the action of the blood-making glands and thus increases the supply of pure rich blood.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams of Lake Street, West, Chicago, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

been amputated yet; an alternative that seemed necessary at last previous report.

All stories that have been heard concerning the accident agree that the motorman was in no way to blame. Mr. Peterson was at the rear of the car, some say he was about to get on board and others say he had stepped off but in any event he seems to have been on the ground when he stumbled and fell with his foot in front of the wheel.

Mr. Peterson's home is in Chicago, though in late years he has lived in the west a great deal in the hope of finding relief from the asthma. It is understood he has a small income from rented property in Chicago, sufficient to provide the necessities of life but has been very despondent for sometime on account of his chronic ailment. He is a Swede and lived at the home of Mr. and Mrs. H. O. Lucare, No. 1401 East Jefferson street. He has a son, Frank Peterson, in the employ of the Pioneer Transfer Co. here, and another son in Chicago.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herculide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth with Newbro's "Herculide." Besides, Herculide is one of the most agreeable hair dressings there is. Herculide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herculide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c in stamps for sample to The Herculide Co., Detroit, Mich. Wake-lin's pharmacy, special agent.
